Title : Combination Seal Ring with Encoder

REPLY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This Reply is in response to the Office Action dated December 15, 2004. It is noted that the Examiner acknowledged receipt of an Information Disclosure Statement in the Office Action of April 6, 2004, but did not repeat that in the latest Office Action. It is assumed that such would have been unnecessary.

The Examiner did not acknowledge receipt of the claim to priority and of the filing of the certified copy of the priority document in the parent application. The Examiner is respectfully requested to acknowledge receipt of the certified copy in the next communication.

The Examiner rejected claims 7 and 8 on the ground of obviousness-type double patenting over claims 1 and 2 of U.S. Patent No. 6,682,076, the parent of the instant application. A Terminal Disclaimer is being submitted herewith so the rejection is, therefore, moot.

Since all formal matters have been attended to and the claims are free of prior art, an early Notice of Allowance is respectfully requested.

If there are any questions regarding this Reply or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response, and please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (Docket #038920.48799C1).

February 24, 2005

Respectfully submitted,

Herbert I. Cantor
